FREE COOKING SCHOOL OPENS WEDNESDAY

Auditorium of McKinley School Is Place; Miss Calkins' Teacher

Every woman in Redwood City is cordially invited to attend the free course in "Kitchening," which will this year be entirely different than anything ever before presented in Redwood City.

"Women never change," say our most profound students of human nature and, generally speaking, Miss Estelle Calkins agrees with them.

But Miss Calkins, who will conduct the Safeway Stores Homemakers' Bureau's course in "Kitchening" here for three days beginning Wednesday, May 2, finds that her work reaches close to the domestic desires of women and that recent years have shown a marked change in what housewives want to do and learn to do.

"In my most recent experience in handling cooking schools," says Miss Calkins, "I have noticed that women have become increasingly enthusiastic about new, simple and delicious ways to prepare plain, every-day foods, and party refreshments. This, I believe, is due largely to changing economic conditions and to the increase in home entertaining."

Women are now buying food-stuffs more intelligently, Miss Calkins finds. In her experience, there appears an increasing preference for nationally-known brands, and a greater familiarity with such technicalities as cuts of meat, while attendance at cooking schools and attention to instructive newspaper articles has been definitely on the increase during the past few years, she points out.

Another recent change in women's interests, as noted by the prominent Safeway Stores' home economist, is that in candy and cookie making. Whereas, according to Miss Calkins, women have, during the past decade, considered it "old-fashioned" to devote time in the kitchen to such creations, there is now a definite swing back to old-time habits.

Miss Calkins pointed out that Safeway Stores, through the Homemakers' Bureau, extends a hearty invitation to every local housewife and prospective housewife to attend "Kitchening." The three-day course will be held in the McKinley School and will start each afternoon, beginning Thursday, May 2, promptly at 2 o'clock. Doors will open at 1 o'clock.

New Oil Depot Opens Saturday

Redwood City's newest service station will open tomorrow morning at 8 o'clock when "Mac's Service," located at Jefferson and El Camino Roads, will be ready for business. The new station, independently owned and operated by S. G. McNutt and son, will feature "Save-On" gasoline direct from the refinery.

Mr. McNutt operates other stations at San Mateo and Loma Park. Seaside and Richfield gasolines will also be handled as well as a complete line of high grade motor oils.

ESTATE LETTERS ASKED

Robert J. Hatch of Bayshore today asked the superior court to issue him letters of administration for the estate of his father, James L. Hatch, who died on March 29. He asserts that he is the only heir. His attorney is Heim Goldman of San Francisco.

COME ON MARINES

Richard Arlen, Ida Lupo and Roscoe Karns, playing in "Come On Marines" playing at the Fox Sequoia Theatre tonight and Saturday. Charles Farrell and Bette Davis, in "The Big Shakedown," second feature of the program. Saturday afternoon the kiddies attending the matinee will be favored with "Big Jitney" chocolate covered ice cream, fresh from the University Creamery.

PREPARE NEW IDEAS FOR REDWOOD CITY HOUSEWIVES

Here the Safeway Homemakers' Bureau Kitchening Staff is shown in the testing kitchen at Oakland headquarters, holding a final review of the entirely new program to be presented this year in their cooking schools. The big event will take place in Redwood City, Wednesday, Thursday and Friday, May 2, 3 and 4.

CHIEF COOK!

Miss Estelle Calkins, noted as one of the most popular cooking school conductresses on the Pacific coast who will be in charge of the cooking school in Redwood City this year. Miss Calkins' course will be entirely different than any heretofore presented.

Shriners Will Benefit From Sunday Races

Tanforan is offering an attractive program to followers of the turf at the San Bruno track this week-end, according to an announcement of events today by J. W. Marchbank, director general.

The outstanding feature of the week-end will be the Shrine Derby Day Sunday, when proceeds of the day will be turned over to the Shrine for that organization's widespread welfare work. It is expected the largest crowd ever to visit Tanforan will be on hand to witness the derby day program.

Featuring the Sunday program will be the Shrine Special Handicap over the Sprinkles course for three-year-olds and upwards, contesting for a purse of \$1,500, the largest to be offered at the track during the present meeting. Another outstanding event of derby day will be a two-mile race, giving the track's finest distance horses a chance to show their ability.

Tomorrow (Saturday) the feature event of the day will be the Oakland handicap for \$1,000 added with three-year-olds and upwards competing over a mile and a furlong course. Again the most popular thoroughbreds at the track will go to the post in this race.

Mrs. Vera Hubley Files Divorce Suit

Archie G. Hubley, employee at a local mushroom plant, today was sued for divorce in the superior court here by Mrs. Vera Hubley, who alleges cruelty as a ground. The Hubleys were wed at San Francisco in 1932 and separated on April 23, according to the complaint. Mrs. Hubley asks for the custody of their year-old son. Her

Council Splits 3 to 2 Giving O'Keefe Post

MENLO PARK, April 25 (Special)—Menlo Park's new city council split wide open last night in the first vote it has ever taken.

The appointment of James O'Keefe Jr. as city attorney to succeed George Whitworth by a 3 to 2 vote was marked by a sharp breach between the three new council members and the two hold-overs, and by Councilman E. H. Hart's accusations of "politics" and "a political spoils system."

O'Keefe's appointment was accomplished by votes on two motions, the first by Irving Dunn declaring the office of city attorney vacant and the second by Henry Carroll naming O'Keefe for the post.

Both questions were put to the vote of the council as a whole, only to be interrupted both times by the quiet demands of Hart for roll calls. The result of the vote on both motions was the same, and as follows: Ayes—Mayor J. E. Cooper, Henry Carroll and Irving Dunn; noes—E. H. Hart and W. H. Weeden.

Hart, Weeden Opposed
"My vote is not a vote against O'Keefe as a man," Hart began when he arose to make his position clear. "I have heard the very finest things said of Mr. O'Keefe. I am impressed with him as a fine, upstanding young fellow. But to me we are again turning to politics. My theory is that we should retain service, experience and all the things that go to make up a first-class operative, whether he uses a pick or a shovel or is an attorney. Whitworth held his position well and has done good service for Menlo Park. I don't believe in a political spoils system. For that reason I believe we should retain Whitworth."

Weeden likewise addressed the council, expressing his high regard for O'Keefe but adding, "I appreciate what Whitworth has done for the city."

Bore Out Predictions
The appointment of O'Keefe bore out campaign predictions that the young lawyer would be given the post of attorney if the "new deal" ticket won the recent municipal election.

Following the appointment of O'Keefe, Whitworth took the floor to deliver a 15-minute address which bore the earmarks of a hand whose glove hid something that looked suspiciously like a set of brass knuckles.

RELIEF BOARD MEMBERS QUIT IN MERK DISPUTE

Quitting almost in a body, six of eight members of the San Mateo County Emergency Relief Administration resigned today "owing to a lack of harmony with the director."

The relief director is Sam D. Merk, who expressed surprise over the resignation, pointing out that there had been no complaint against the administration of the Civil Works program in San Mateo county.

Differences between Merk and the committee are believed to have centered over the interpretation of the rule regarding use of union and non-union men on relief projects.

Merk had interpreted the rules to favor union workmen, and Allied Craftsmen and other nonunion organizations charged that they were forced to join unions or were forced off the relief jobs.

The relief committee has held several meetings on the subject, and was reported to have reached a conclusion that charges of union solicitation on relief work were true. The committee charged that

one of its members, J. F. Cambiano, union agent, had solicited men to join the unions.

"We do this reluctantly," the committee, headed by Robert J. Koshland of Hillsborough, said in resigning. The others who resigned were the Rev. M. R. Power, vice-chairman; Mrs. Harry S. Dana, San Mateo clubwoman; James Ferguson, Alvin S. Hatch, Half Moon Bay business leader; Ed C. Lydon, Beresford Country Club manager; and J. Elmer Morris, Redwood City banker.

The two members who did not resign are Cambiano and Helen Chesbrough. Miss Chesbrough was said to be away on a boat trip at this time.

Merk blamed the committee's dissatisfaction on complaints made by A. W. Rodgers of Menlo Park. The director said that notwithstanding the interpretation of the rules to favor union men at least 40 per cent of the skilled labor on county jobs was non-union.

Merk's statement concerning the resignation of the relief committee appears in an adjoining column.

Golden State Will Broadcast French Dishes

On Monday, April 30, Monsieur Gilbert Macqueron, head of the French Lines on the Pacific Coast, will make his first radio appearance in America over Station KPO at 10 a. m., on the Golden State Menu Flash program, and tell some interesting and little-known facts about French cooking.

In the first place Mr. Macqueron plans to explode the theory that you have to be an expert cook to produce delicious French dishes. Mr. Macqueron will show that most of the appetizing French dishes are simple, economical and made of the same ingredients that can be found in America.

"It is the way that food is prepared in France," states Mr. Macqueron, "and not so much a matter of ingredients. In my radio talk I should like to show the women that it is just as easy to prepare food in the French manner and will probably cost them even less in effort and money. You know, most French dishes are not complicated. It is only that these dishes are made complicated by chefs in Paris."

Crash Suit Dropped As Trial Commenced

A damage suit arising out of an automobile collision on September 24 last on the Woodside road near the Alameda de las Pulgas was dismissed today by consent of all the parties involved as trial opened before Superior Judge Franklin Swart.

Five plaintiffs, Julie Hopkins, Mary Neff, Grace Murray, Ann Neff and Dallett Williamson, had sued for damages totaling approximately \$38,000 for alleged injuries, and the defendant, W. D. Williams, in a cross-complaint also asked for damages.

Capt. Richard Gaw Of Woodside Dies

WOODSIDE, April 25.—Capt. Richard Gaw, of Woodside, retired army officer, died yesterday at the Letterman General Hospital in San Francisco after a brief illness.

He had made his home here for the past three years with his widow, Mrs. Dorothy Gaw. Captain Gaw was a cavalry officer in the regular army until his retirement and served overseas during the World War.

Menlo Park's Postal Chief Likely to Stay

Reappointment of Barney G. Larrecou, Menlo Park postmaster, whose term expires May 19, was seen as a strong possibility today as the Democratic central committee of the Third Township

12 Years In Office
Larrecou has served as Menlo Park postmaster for the last 12 years by appointment of Harding, Coolidge and Hoover, and he wouldn't mind serving for a few more years by appointment of Franklin D. Roosevelt.

He probably will be reappointed, according to George Walsh of Menlo Park, Democratic committeeman from the third township. "We can't ask Republicans to vote for Democrats and then let them stand on the sidelines," said Walsh.

But Larrecou still has a chance of losing out, according to Joseph P. Quinlan, former mayor of South San Francisco and chairman of the county committee.

Chairman Quinlan, without presuming to speak for the Hon. John J. McGrath, congressman, inclines to the belief that McGrath is not recommending Republicans, even of a progressive persuasion, for appointment by Roosevelt this season.

Quinlan, what is more, inclines to the further belief that some of the Democratic committeemen may turn thumbs down on the candidacy of Republican Larrecou.

Has Walsh's Vote
Walsh put himself on record when he said: "I favor Larrecou, even if he is a Republican."

Walsh looks upon Larrecou as a Progressive Republican who stands high in Democratic circles, and a man whose record with the postoffice department is excellent.

It is not so much a matter of party as finding the best man for the office," Walsh said. He added that the committee is in the position of selecting one man out of four, all of whom are exceptional, well-qualified for the position.

The procedure of endorsement in San Mateo county is as follows: First, the township committee selects the man it prefers for the office in question; second, that choice is ratified by the central county committee, which forwards the recommendation to Washington.

Creel Enters Swart Attacks Governor Race Jury Selection On Peninsula

Resignation From Job
With NRA Given
To President

SAN FRANCISCO, April 25 (UP)

—George Creel, wartime director of publicity and a nationally known writer, today entered the race for the Democratic nomination for governor of California at the August primaries.

At the same time, Creel announced that he had sent to President Roosevelt his resignation as state director of the national emergency council, a position he has held for nine months. Creel asked the president to relieve him of his duties at the earliest possible moment.

Creel said he was in the race only at the insistence of party leaders. He promised a statement later in which he will outline for the "people of California a new deal in state government."

Maurice Harrison, chairman of the Democratic state central committee, joined other party leaders in saying that Creel had been drafted to run for governor. Harrison called upon "all believers in progressive and liberal government" to support Creel's candidacy.

Party leaders here said they hoped to induce other candidates to withdraw in favor of Creel. Representatives of Justus Wardell, Milton K. Young and Z. T. Malaby, other Democratic candidates said, however, their men would stay in the race.

Creel's entry into the Democratic lists added more interest to the already exciting August primaries. One of his chief Democratic opponents will be Upton Sinclair, long-time Socialist, who decided to run for governor on the Democratic ticket, although he did not renounce his Socialistic standing and beliefs.

Meanwhile, California voters awaited a definite statement from Gov. James "Sunny Jim" Rolph, Republican. If Rolph decides to run, three nationally known men, the governor, Sinclair and Creel, will be in competition.

Inability to Secure Absolutely Fair Panel Is Told

Reaction of San Mateo county attorneys and other representative groups was sought today by Superior Judge Franklin Swart to a suggestion that a jury commissioner or commission be set up in the county to select jury panels to remove the selection from politics.

The suggestion is made in a letter accompanying a mimeographed copy of the jurist's recent answer to charges of prejudice made by the dog track interests. Some 100 copies of the letter and statement have been sent out, it is understood.

In the letter Judge Swart declares: "We solicit your suggestions for the creation of a commission or commissioner removed from politics to select names for the jury box. At present, as you understand, in counties with less than three judges, the names are selected by the supervisors. Supervisors sometimes don't wish this job and, as a result, accept lists of names prepared by other persons."

Unbiased List Difficult
Judge Swart's suggestion attracted much interest in political circles today because it is reliably reported that a number of those on the jury venire of 50 drawn for the Baden dog track trial, which will open next week, are either employees of the dog track themselves or close relatives of persons interested in its operation.

In submitting the answer to the bias charges, which contained allegations of political influence by gamblers, the judge's letter says that he has asked the legislature "because of proposed new legislation to extend these activities."

It also declares: "We solicit your interest in having the state authorities acting in this problem. Portions of the state, without these activities, pour money into the few communities where these activities exist, which fact often divides public opinion in the local community."

12,000,000 CAR MARKET CHEERS AUTO, OIL MEN

Statistics Show Big Replacement Sales Are Near

It is estimated that there are more than 12,000,000 passenger cars which have been on the road for over three years; 7,000,000 of them more than five years, and nearly 5,000,000 which have been working more than seven years.

Both motor makers and the petroleum industry derive considerable comfort from these statistics, according to A. H. DeFries, vice-president in charge of sales for General Petroleum Corporation, producers and distributors of General Mobilgas.

Special Care
"The owners of these old cars are a tremendous potential market for the automobile manufacturers," DeFries declared yesterday.

Deterioration in the average car, over a certain age and under average usage, is very rapid unless special care is taken to prolong its life. Too many owners fail to recognize this. Those who don't, of course, are better buyer prospects for the motor industry than those who do, because

they have to replace their cars far more frequently.

Tells Benefits

"The petroleum industry is interested in the 'old' car owner to the extent of prolonging the useful life of his car by expert and frequent lubrication and by inducing him to use only the finer kinds of gasoline. The older the car, the more important it is to choose fuel and oil expertly. Naturally, the makers of famous brands of gasoline and oil benefit when the old car owners become convinced of this, but so does the owner and indirectly, the entire automotive industry, because it is customary for a man or woman to buy the same make of automobile time and again when he or she gets long life and trouble-free service from each car. Poor lubrication and poor gasoline can spoil the reputation of any automobile."

Money Easier

DeFries reported that easier money conditions this year are showing in the greater volume of lubrication jobs in General's service stations throughout the coast territory, and in the swing away from cheap grades of gasoline to the nation's leading brand, Mobilgas.

ENGLISH WILLING TO PAY TAXES

England has so regulated her financial affairs that she has come through the past year with a surplus.

Those who wonder how she did it may be interested in knowing, if they do not know it already, that the tax burden in England has been far more severe than it has been in the United States. The willingness of the British taxpayer to make sacrifices is much more pronounced than is the same attitude of character on the part of the United States taxpayer.

No doubt there are many tax dodgers in that country as well as here, but, by and large, the English man of means is far less inclined to avoid taxes than is the United States man of means. The Englishman seems to have a sense of patriotic duty to support the government.

Need of Coastside Health Nurse Told

Warning of a public health emergency existing on the coastside, the Women's Service League of Burlingame today asked the county board of supervisors to appropriate funds for the salary and expenses of a graduate nurse, Miss Eva Graves, to meet the situation.

The communication, signed by Mary Gervais, secretary of the league, declares that a serious health problem is created by "unfortunate living conditions" among about 3800 pea pickers now on the coastside, who will remain there about six weeks. Children are declared to be dirty and badly clothed, with many suffering in infectious diseases.

Menlo Park

The third meeting of the 8th District of the American Legion Auxiliary was held Wednesday night, April 24 at Guild Hall of Presbyterian Church on Santa Cruz avenue, Mabel Rosheim, district president, presiding. Helen Beach, entertainment chairman, presented the following program before the business session. Community singing with Isabelle Lindquist, member of Menlo Park unit, as piano accompanist; tap dance, Lillian Martin; group of tenor solos, Gene Bone; ballet dance Edith Ellis and Miriam Beach, junior members of Menlo Park unit; soprano solos, Mary Burns, district song leader; group of songs, Greater Mission Glee Club, led by Mme. Stella Voight.

Ladies of Belmont unit assisted the Menlo Park unit as hostesses and after the business session delightful refreshments were served.

Fifteen units were represented at the gathering.

Charles Thomas Jr. of Monterey spent the week with his aunt, Mrs. W. H. Weeden.

Mrs. J. E. Weeden will return to her home this week after spending the winter in San Francisco with her nephew, Thomas Sexton.

The Native Daughters of the Golden West are planning a card party in the near future.

Mrs. M. Green of Pasadena returned to Palo Alto with her son-in-law and daughter, Major and Mrs. Leon French, and will make her home with them in the future. Mrs. French is president of Menlo Park American Legion Auxiliary.

Mrs. Carol A. Devol expects to return to her home on Santa Cruz avenue after a lengthy trip East sometime during the month of June.

Pedestrian Injury Reported to Police

Injury of S. J. Whiting of 470 Myrtle street when he was knocked down by an automobile while walking on a sidewalk near his home was reported today to the Redwood City police by James Bedell of 114 Birch street, driver of the car.

Bedell declared that his car stalled while he was driving west on Harrison avenue, that it started to back and that he turned it around and went in the opposite direction. He lost control of it and it ran up over the curb, striking Whiting, according to the report.

AT LAST . . . you'll say, here is the kitchen equipment I have always longed for.

A range that is so colorful and clean-looking—a range that is so quiet and quick in operation—that is what you'll find in the modern fully automatic electric range. And when summer days grow hot this modern electric range with the insulated oven will not heat up the kitchen. That is one feature every woman should welcome.

And for hot water? Certainly you have plenty of it from an automatic storage type electric water heater. No more lifting, filling, heating, pouring with a tea kettle. Just turn a faucet and have hot water in abundance for every household need.

Why wait any longer? You can have both electric range and water heater installed on easy purchase terms. On the new low rate they are most economical to operate.

Pacific Gas and Electric Company employs 10,000 workers in 46 counties of California; it distributes \$19,000,000 annually in wages and salaries.

Mrs. Gregory Wins \$250 Temporary Aid

Awards of \$250 monthly for temporary support, \$250 for attorney's fees and \$20 court costs, had been granted by Superior Judge Maxwell McNutt today to Mrs. Della Cora Gregory, wife of Dr. F. S. Gregory, of Redwood City.

Mrs. Gregory wept on the stand. She asked \$500 per month. She is suing Dr. Gregory for separate maintenance. Dr. Gregory also testified, stating that his present income would not warrant paying \$500 to his wife. He said he was maintaining the home in the usual way.

Attorney Norman S. Menifee represented Mrs. Gregory and Attorney Archer Kincaid was counsel for Dr. Gregory.

Southern Pacific SUMMER VACATION CATALOG

Summer fares East lower this year!

—and Southern Pacific adds air-conditioned cars, delicious low cost meals and choice of scenic routes.

LOW summer fares to all eastern cities begin May 15 and last until October 15. Return limit on all tickets is October 31, (except that to points east of Chicago and New Orleans there will be 45-day limit tickets as well as season tickets).

This summer we will offer air-conditioned club cars, lounge cars, dining cars, observation cars and room cars (compartments, drawing rooms) on our four finest transcontinental trains—Overland Limited, Sunset Limited, Cascade and Golden State Limited.

These trains approach the East through four entirely different parts of the United States. By going East on one of these trains and returning on another, you see a different part of the country each way. You make a roundtrip that is really round. Yet the rail fare is not 1¢ more than for a trip straight East and back! (Except that it costs a little more to go or return on the Cascade via the Pacific Northwest.)
